GTLF Queries for Publication

GDB Name: GTLF_Pub_Display

Feature Dataset Name: BLM_Natl_GTLF_Pub_Display

Map Service Name: BLM_Natl_GTLF_Public_Display

Description: This Ground Transportation Linear Features dataset contains elements of BLM's transportation network that are managed for public use. Examples include roads and trails that are managed for off-highway vehicle (OHV) (motorized) use, mountain bike (mechanized) use, and hiker/equestrian (non-motorized/non-mechanized) use. Roads and trails depicted in this dataset may be additionally limited by time and/or season. All features in this dataset have a designated asset classification and OHV route designation. Users of this data are encouraged to verify current use limitations and restrictions on these roads with the local BLM office as restrictions may vary from what is depicted in the data.

AND

(DSTRBTE_EXTRNL_CODE = 'YES' OR DSTRBTE_EXTRNL_CODE = 'Yes' OR DSTRBTE_EXTRNL_CODE = 'yes')

43 CFR 8340.0-5 Off-road vehicle (OHV) means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, see 43 CFR 8340.0-5 for exclusions.

(a) Off-road vehicle (OHV) means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, excluding:

- (1) Any nonamphibious registered motorboat;
- (2) Any military, fire, emergency, or law enforcement vehicle while being used for emergency purposes;
- (3) Any vehicle whose use is expressly authorized by the authorized officer, or otherwise officially approved;
- (4) Vehicles in official use; and
- (5) Any combat or combat support vehicle when used in times of national defense emergencies.

(b) Public lands means any lands the surface of which is administered by the Bureau of Land Management.

2. Roads Managed for Limited Public Motorized Use

FC Name:

Map Service Layer Name:

Description: Displays BLM designated roads available and managed for limited public use by Off-Highway Vehicles/Off-Road Vehicles (OHV). Restrictions on a road may be of any type, but can include use restrictions of a certain time or season, by number of vehicles, or by type of

vehicle. Off-road vehicle (OHV) means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, see 43 CFR 8340.0-5 for exclusions. These roads have been through the BLM travel management planning process and have a designated asset class. The asset classes of the features in this layer are Roads and Primitive Roads. Users of this data are encouraged to verify current use limitations and restrictions on these roads with the local BLM office as restrictions may vary from what is depicted in the data.

These restrictions may be of any type, but can generally be accommodated within the following type of categories: Numbers of vehicles; types of vehicles; time or season of vehicle use; [permitted](#) or licensed use only; use on existing roads and trails; use on designated roads and trails; and other restrictions.

3. Trails Managed for Public Motorized Use

FC Name:

Map Service Layer Name:

Description: Displays BLM designated trails available and managed for public use by Off-Highway Vehicles/Off-Road Vehicles (OHV). Off-road vehicle (OHV) means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, see 43 CFR 8340.0-5 for exclusions. These trails have been through the BLM travel management planning process and have a designated asset class. The asset class of the features in this layer is Trail.

Map Service Layer Name:

Description: Displays BLM designated trails available and managed for public use by Off-Highway Vehicles/Off-Road Vehicles (OHV). Restrictions on these routes may be of any type, but can include use restrictions of a certain time or season, by number of vehicles, or by type of vehicle. Additionally, there may be width restrictions on a trail. 43 CFR 8340.0-5 Off-road vehicle (OHV) means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, see 43 CFR 8340.0-5 for exclusions.
